

Supporting Shuka Vana

Shuka Vana is a huge aviary for parrots within the premises of Avadhoota Datta Peetham in Mysore, India. It was inaugurated by His Holiness Sri Swamiji in 2012. The aviary was designed by Sri Swamiji, and spreads over an area of 660 square meters, covered by a thick net at the height of over 20 meters, enclosing a varied vegetation and trees. It is home for over 60 endangered bird species, and sustains a rehabilitation center for injured birds. Sr Swamiji received his 8th Guinness World Record for the largest number of bird species (468) in a single aviary in 2017.

There are different options to participate and support, such as yearly contributions or one time donations. The sponsorships are used for the maintenance of the aviary, for food and medicine of the birds. Sri Swamiji is very much pleased if as many people as possible participate with whatever amount is possible for them. Once yearly Sri Swamiji will be informed about the sponsoring activities and will receive a list of the sponsors.
